FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
   - B13 – Previously paid payment for this claim/service may have been provided in a previous payment
   - 193 – Original payment decision maintained
   - BL – This bill is a reconsideration of a previously reviewed bill. Allowance amounts do not reflect previous payments.

Issues

1. What is the applicable rule that determines the applicable fee guideline?
2. Is the requestor entitled to reimbursement?

Findings

1. The requestor states, "…E0217 is supposed to be reimbursed at $60.44 per unit X 125%." 28 Texas Administrative Code §134.203 (b) states in pertinent part, "For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers;… and other payment policies in effect on the date a service is provided with any additions or exceptions in the rules." For the submitted code (E0217, RR), According to the *Medicare Pricing, Data Analysis and Coding* contractor, www.dmepdac.com, this code is listed as "Inexpensive and routinely purchased."

   Per the Centers for Medicare/Medicaid Claims Processing Manual, www.cms.hhs.gov, Chapter 20, items in this category may be billed as follows: "30.1 - Inexpensive or Other Routinely Purchased DME (Rev. 1, 10-01-03), For this type of equipment, contractors pay for rentals or lump-sum purchases. However, with the exception of TENS (see 30.1.2), the total payment amount may not exceed the actual charge or the fee schedule amount for purchase." Also found in the Medicare Claims Processing Manual, Chapter 20, Durable Medical Equipment, Prosthetics, Orthotics, and Supplies 130.8 - Installment Payments (Rev. 1, 10-01-03), "Where a beneficiary is purchasing an item through installments, the total price of the equipment item is reported on the first bill. Monthly payments are made (by the DMERC, carrier, FI or RHHI). The monthly amount is equivalent to the rental fee schedule amount and is paid until the fee schedule purchase price or actual charge has been reached, whichever comes first." The submitted code will be considered as a monthly rental. Because this service is reimbursable per month rather than per day the allowed number of units will be one. The requestor's position is not supported.

   28 Texas Administrative Code §134.203 (d) states in pertinent part, "The MAR for Healthcare Common Procedure Coding System (HCPCS) Level II codes A, E, J, K, and L shall be determined as follows: (1) 125 percent of the fee listed for the code in the Medicare Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) fee schedule;…" Per the 2014 DMEPOS fee schedule, **https://www.dmepdac.com/dmecsapp/do/feesearch**, the maximum allowable reimbursement will be calculated as follows; the allowable amount $60.44 x 125% = $75.55

2. The total recommended payment for the services in dispute is $75.55. This amount less the amount previously paid by the insurance carrier of $75.55 leaves an amount due to the requestor of $0.00. No additional payment can be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the disputed services.
